SUMMARY

Computer Science graduate with hands-on experience in Python development, REST API development, AI-powered applications, and automation. Proficient in Python, SQL, FastAPI, Flask, Git, Docker, Machine Learning, and cloud fundamentals. Strong foundation in OOP, Data Structures, SDLC, and problem-solving with the ability to develop scalable, production-ready software solutions.

INTERNSHIP

Python Developer Intern | Durbhasi Gurukulam Private Limited

Sep 2025 – Mar 2026

- Developed Python-based backend applications and REST APIs using FastAPI and Flask.
- Built AI-powered chatbot solutions using LLMs and RAG techniques.
- Worked with MySQL for database design and data management.
- Used Git and Docker for version control and deployment.
- Debugged, tested, and optimized backend applications.
- Collaborated with the development team following SDLC and coding standards.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering

Malla Reddy Institute of Technology, Hyderabad

CGPA: 8.67

Nov 2022 – May 2026

SKILLS

- Languages:** Python, SQL
- Core Concepts:** OOP, Data Structures & Algorithms, SDLC, REST APIs
- Frameworks:** FastAPI, Flask
- AI & Data:** Machine Learning, Generative AI, LLMs, RAG, NLP, Pandas, NumPy, Scikit-learn
- Databases:** MySQL, SQLAlchemy, MongoDB
- Tools:** Git, Docker, Postman
- Cloud:** AWS (Basics), GCP (Basics)
- Web:** HTML, CSS, JavaScript, React.js

PROJECTS

SmartTask – End-to-End Task Management Application

[[GitHub Link](#)]

- Developed a full-stack task management application using FastAPI, React, and MySQL.
- Implemented JWT authentication and REST APIs.
- Containerized the application using Docker.
- Followed Git-based version control.

Petrol Price Forecasting System Using AutoKeras

[[GitHub Link](#)]

- Developed an AI-based forecasting application using AutoKeras and TensorFlow.
- Built Flask REST APIs for prediction services.
- Performed data preprocessing using Pandas and NumPy.
- Automated model retraining and evaluated performance using RMSE, MAE, and MAPE.

CERTIFICATIONS

- Data Science & AI Masters: From Python to GenAI | **Udemy** Nov 2025
- TCS iON Career Edge – Young Professional | **TCS** Apr 2025
- Data Visualization: Empowering Business with Effective Insights | **TATA** Apr 2025
- Python In-Depth | **Udemy** Oct 2024
